

thabaal

Make every WhatsApp message count for your business.

WhatsApp business tools for Tamil Nadu

You do so much for your business. What comes back?

Your effort deserves a clearer picture.

You share offers. You answer customers. You follow up.

Follow an offer through a simple shop marketing funnel:

Reached → **Read** → **Replied** → **Bought**

See what's waiting. Find your next opportunity.

Let's find what you may be missing, and what you could gain.

There may be more business waiting.

A customer may read today, ask tomorrow and order later.

01

Read. No reply yet.

See who read your message but did not reply.

Textiles: follow up on interest in a new collection.

02

Order in. Money waiting.

Keep orders with unpaid amounts in view.

Sweets: check payment before packing the order.

03

Time to come back?

See who reordered and who has not returned.

Oil shop: remind regular buyers when a refill is due.

04

Which offer worked?

See messages linked to recorded orders and sales.

Groceries: review an offer before sending it again.

Not one paisa extra.

₹0

Meta's rate. No thabaal markup.

You pay Meta's official message rate.
Your thabaal plan fee is separate.

Unlimited customer reach

Unlimited customers on every plan.

From message to money.

A broadcast sends your message to many customers.
Follow the reply, order, payment and next visit.

01	02	03	04	05
Message sent	**Customer replied**	**Order placed**	**Payment tracked**	**Customer comes back**

A read receipt is a start. The order and payment show what happened next.

Example: an oil shop order — Illustrative screen

Oil from your catalogue

Order received • Payment waiting

Payment tracked. Packing comes next.

Send UPI request

Your shop's day. In one place.

From the first reply to the next order.

Dashboard

See today's work and what needs your attention.

Chats

Put priority customer conversations first.

Orders

Follow order steps that match the way your shop works.

Payments

UPI requests, reminders and cash-on-delivery tracking.

Customers

See who reordered, customer tiers and loyalty points.

Products & catalogue

Keep your products and catalogue together.

Campaigns

Send offers and follow which messages gave sales.

Message templates

Check Meta's approval status before sending.

Reports

Understand money spent, sales and money waiting.

Your plan decides which tools and reports are included.
Compare the plans on the next page.
